# INDEX, VOLUME 134

## A

Abram, Harry, S., 395
Abstraction deficits, differential, in a normal population, 535
Action for Mental Health: Final Report, 1961, 190
Acute intermittent porphyria with hallucination of geometric forms, 572
Acutely ill patients, comparative effectiveness of six phenothiazine compounds, phenobarbital and inert placebo in treatment: Personality dimensions, 48
Adelson, Daniel, 543
Adolescent boys, follow-up study of two approaches to inpatient treatment, 330
Adrenocortical function, psychic state and: Psychophysiological study of emotion, 268
Advances in Psychosomatic Medicine, 197
Affectional deprivation in childhood, immaturity and dependency, 310
Aging, psychologic, as a pre-existing factor in strokes, 109
Aggressive, sexual and anxious behavior in the laboratory macaque, 18
Albert, Rudolf F., 184
Alcohol-caffeine study procedure, 40
Alcoholics, establishing treatment relations with, 395
Alcoholism, psychiatric illness, crime and, 512
Alexander, Franz, 284
Altered brain function, induced, tachistoscopic perception after: Influence of mental set, 422
Amines, secondary, and psychopharmacologic activity, 564
Ammonium infusion, double-blind study of effects of on psychological functioning in cirrhotic patients, 539
Amphetamines and barbiturates, psychologic effects, 203
Analysis of Behavior, The, 296
Analysis of verbal behavior, application of to study of psychological defense mechanisms, 169
Animal behavioral and neuropharmacologic studies with nortriptyline, 564
Annual Survey of Psychoanalysis, The, Vol. VI, 488
Antidepressant activity, true, criteria for: (nortriptyline treatment of depression), 561
Antidepressant medications, comparative study of patients on three; symptoms pre- and during treatment, 339
Antidepressant and neuroleptic, does chronic schizophrenia respond to this combination? 361
Anxious, aggressive and sexual behavior in the laboratory macaque, 18
Application of verbal behavior analysis to study of psychological defense mechanisms: Methodology and preliminary report, 169
Approaches to inpatient treatment of adolescent boys, follow-up study of two, 330
Aronson, H., 169
Asexual Propagation and Regeneration, 100
Assessment of patients, standard interview as an aid to, 353
Ataractic drugs on a psychiatric ward, discontinuation of maintenance dosages of, 555
Attitudes of patients, does psychotherapy change them? 440

## B

Background factors in schizophrenia, 84
Bailey, M. A., 528
Baldridge, Bill J., 431
Ballantine, Robert I. W., 101
Barber, Theodore X., 493
Barbiturates and amphetamines, psychologic effects, 203
Baritz, Lauren, 194
Beckett, Peter G. S., 330
Behavior disturbance, ictal, as only manifestation of seizure disorder, 470
Behavior of schizophrenics, effects of methionine loading on, 447
Behavior, sexual, aggressive and anxious, in the laboratory macaque, 18
Behavior, verbal, application of analysis of to study of psychological defense mechanisms, 169
Behavioral (animal) and neuropharmacologic studies with nortriptyline, 564
Belle indifférence, la, 308
Belmont, Ira, 456
Bennett, Ivan F., 561
Bessman, Samuel P., 539
Benedetti, G., 90, 381
Bennett, Ivy, 382
Bias in double-blind studies
examiner, 34
subject, 34
suggestion, 35
Biderman, Albert D., 583
Birch, Herbert G., 103, 456
Birth, premature, psychologic correlates of, 129
Blaine, Graham B., Jr., 200
Blane, Howard T., 395
Bleuler, Eugen, 286
Bleuler, M., 90

Blindness in double-blind studies
in examiner, 37, 41
in subject, 35, 38, 43
Bly, Chauncey G., 522
Bolin, Richard R., 72
Bortner, Morton, 103
Boys, adolescent, follow-up study of two approaches to inpatient treatment, 330
Brain
cerebral dysfunction and perceptual change, 427
cerebral palsied children, perceptual and perceptual-motor dissociation in, 103
cerebral pathology, Hewson Ratios in diagnosing, 80
cerebrospinal fluid cations in delirium tremens, 410
lateralized cerebral lesions, performance of patients with
on verbal and perceptual tests, 162
on sensory and motor tests, 237
Brain function, induced altered, tachistoscopic perception after: Influence of mental set, 422
Brain-damaged patients, productivity and mode of function in Rorschach responses of, 456
Brenman, Margaret, 88
Brune, Guenter G., 447
Bucher, Verena M., 287
Bürgi, Sandro, 287
Busfield, Bernard Lawrence, 339

## C

Caffeine-alcohol study procedure, 40
Capra, Dante, 339
Case of acute intermittent porphyria with hallucination of geometric forms, 572
Case study of the isolation of a conditioning procedure as the crucial psychotherapeutic factor, 316
Catatonic schizophrenics, incidental observation of epilepsy in after prefrontal lobotomy, 182
Cation levels (especially magnesium) in CSF in delirium tremens, 410
Cerebral dysfunction, perceptual change and, 427
Cerebral lesions, lateralized, performance of patients with
on verbal and perceptual tests, 162
on sensory and motor tests, 237
Cerebral palsied children, perceptual and perceptual-motor dissociation in, 103
Cerebral pathology, efficiency of Hewson Ratios in diagnosing, 80
Cerebrospinal fluid cation levels (especially magnesium) in delirium tremens, 410
Chafetz, Morris E., 395
Chemotherapy, intermittent, for chronic psychiatric inpatients, 145
Chessick, Richard D., 72
Childhood affectional deprivation, immaturity and dependency, 310
Children, cerebral palsied, perceptual and perceptual-motor dissociation in, 103
Chlordiazepoxide, intravenous, effect of on EEG, and clinical observations, 218
Choisy, Maryse, 486
Christensen, Roger F., 150, 228
Chronic mental patient, male, social treatment of, 244
Chronic psychiatric inpatients, intermittent chemotherapy for, 145
Chronic schizophrenia
does it respond to a combination of neuroleptic and antidepressant? 361
efficacy of trifluoperazine on withdrawal in, 451
Chronic schizophrenics, male and female, study of phenothiazines with, 543
Cirrhotic patients, double-blind study of effects of ammonium infusion on psychological functioning in, 539
Claims following LSD, nature and frequency of, 346
Clark, Eleanor, 395
Clark, W. Donald, 353
Clinical Judgment: A Study of Clinical Errors, 391
Clinical study of some aspects of hysteria, 305
Closed ward, therapeutic value of, 256
Cobb, Stanley, 299
Cohen, Norman H., 62
Comparative effectiveness of six phenothiazine compounds, phenobarbital and inert placebo in treatment of acutely ill patients: Personality dimensions, 48
Conditioning procedure, isolation of as the crucial psychotherapeutic factor, 316
Constellation of depression, the: Its treatment with nortriptyline, I: Criteria for true antidepressant activity, 561
Continued treatment psychiatric ward, discontinuation of maintenance dosages of ataractic drugs on, 555
Controls, experimental, and the phenomena of hypnosis (critique of hypnotic research methodology), 493
Convulsive therapy, Indoklon vs. ECT: Patient preference, 184
Cooper, Linn F., 88
Costa, Louis D., 162, 237
Creativity and primary process: Sample variations, 506
Crime, psychiatric illness and, with particular reference to alcoholism, 512
Criteria for true antidepressant activity: (nortriptyline treatment of depression), 561
Crucial psychotherapeutic factor, isolation of a conditioning procedure as, 316

Cumming, Elaine, 377
Curiosity, 287
Current Approaches to Psychoanalysis, 288

D

Defense mechanisms, application of verbal behavior analysis to study of, 169
Deficits in abstraction, differential, in a normal population, 535
Delinquent and Neurotic Children, 382
Delinquents, juvenile, the perceptual characteristics of, 415
de Mille, Richard, 182
Dependency, immaturity, and childhood affectional deprivation, 310
Depression, the constellation of: Its treatment with nortriptyline, I: Criteria for true antidepressant activity, 561
Depressive symptom or side effect? A comparative study of symptoms during pre-treatment and treatment periods of patients on three antidepressant medications, 339
Development of social structure in treatment institutions, 263
Dictionary of Aphrodisiacs, 491
Differential abstraction deficits in a normal population, 535
Dimensions of psychosis, the, 117
Direct Analysis (A Psychotherapy of Schizophrenia), 578
Discontinuation of maintenance dosages of ataractic drugs on a psychiatric continued treatment ward, 555
Dissociation, perceptual and perceptual-motor, in cerebral palsied children, 103
Disturbance of sleep, reported, an exploration of, 528
Ditman, Keith S., 346
Does chronic schizophrenia respond to a combination of a neuroleptic and an antidepressant? 361
Does psychotherapy change patients' attitudes? 440
Double-blind procedure:
  Rationale and empirical evaluation, 34
  subject bias, 35
  subject-blindness, 35, 38, 43
  suggestion as bias, 34
Double-blind procedures, evaluation of a specific set, 40
Double-blind study of effect of ammonium infusion on psychological functioning in cirrhotic patients, 539
Dreams of the experimental subject, 431
Drug Addiction: Crime or Disease? 488
Drugs and Behavior, 201
Drugs, ataractic, on a psychiatric ward, discontinuation of maintenance dosages of, 555
Dysgenesis, ovarian, psychologic study of identical twins with, 28
Dysrhythmic migraine, observations on, 277

E

Eagle, Morris, 1
Early experience, effects of on response to transplanted tumor, 522
Ecoiffier, J., 387
ECT vs. Indoklon therapy: Patient preference, 184
Editorial: Psychosomatic medicine today, 299
Effect of intravenous chlordiazepoxide on EEG and some clinical observations, 218
Effects of early experience on response to transplanted tumor, 522
Effects of methionine loading on behavior of schizophrenic patients, 447
Efficacy of trifluoperazine on withdrawal in chronic schizophrenia, 451
Efficiency of the Hewson Ratios in diagnosing cerebral pathology, 80
Ehrmann, Winston, 95
Eichler, Myron, 539
Electroencephalogram of the Normal Child, The, 487
EEG
  dysrhythmic migraine, observations on, 277
  ictal behavior disturbance as only manifestation of seizure disorder, 470
  chlordiazepoxide, intravenous, effect on, 218
Emotion, psychophysiologic study of: Psychic state and adrenocortical function, 268
Emotional Problems of the Student, 200
Empirical evaluation and rationale: The double-blind procedure, 34
Entwicklung der Schizophrenielehre Seit 1941, 90
Epilepsy
  incidental observation of in catatonics after prefrontal lobotomy, 182
  psychomotor seizures, psychiatric study of patients with, 72
Epstein, Leon J., 543
Erickson, Milton H., 88
Essentials of Neurology, 282
Establishing treatment relations with alcoholics, 395
Evaluation and rationale: The double-blind procedure, 34
  examiner bias, 35
  examiner-blindness, 37, 41
Experience, early, effects of on response to transplanted tumor, 522
Experimental controls and the phenomena of hypnosis: A critique of hypnotic research methodology, 493

Experimental subject, dreams of, 431
Exploration of reported sleep disturbance, an, 528
Extrapyramidal side-effects, 366
Ey, Henri, the organo-dynamism theory of, 566

F

Female and male chronic schizophrenics, study of phenothiazines with, 543
Fink, Max, 422
Fisher, Gary M., 80
Fitzgerald, Bernard J., 245
Flaherty, Bernard, 378
Follow-up study comparing two approaches to inpatient treatment of adolescent boys, 330
Fois, Alberto, 487
Freedman, Lawrence Zelic, 18
Freyberger, Hellmuth, 197
Frosch, John, 488

G

Garland, Hugh, 582
Gatfield, Paul D., 512
Genetic Mechanisms in Human Disease: Chromosomal Abberrations, 581
Georg Simmel, 1858–1918, 97
Gill, Merton M., 88
Glickman, Lewis S., 410
Glover, Edward, 199
Golner, Joseph, 395
Grant, Brenda, 282
Green, Arthur, 410
Grinker, Roy R., Sr., 196
Grolnick, Simon, 410
Growing Old: The Process of Disengagement, 377
Gruen, Arno, 109
Guze, Samuel B., 512
Gwynne, Peter H., 451

H

Hallucination of geometric forms, a case of acute intermittent porphyria with, 572
Hanlon, Thomas E., 48
Hayman, Max, 346
Henry, William E., 377
Hewson Ratios, efficiency of in diagnosing cerebral pathology, 80
Hexafluorodiethyl ether (Indoklon) therapy vs. ECT: Patient preference, 184
Hiebsch, Hans, 286
Himwich, Harold E., 447
Hoch, Paul H., 282, 288
Holland, James G., 296
Hordern, Anthony, 361
Hundziak, Marcel, 451
Huntington's chorea, treatment of with trifluoperazine, 62
Hypnosis and Related States: Psychoanalytic Studies in Regression, 88
Hypnosis, the phenomena of, and experimental controls (critique of hypnotic research methodology), 493
Hysteria, some aspects of, 305

I

Ictal behavior disturbance as only manifestation of seizure disorder: Case report, 470
Identical twins with ovarian dysgenesis, psychologic study of, 28
Immaturity, dependency, and childhood affectional deprivation, 310
Incidental observation of epilepsy in catatonic schizophrenics after prefrontal lobotomy, 182
Indoklon therapy vs. ECT: Patient preference, 184
Induced altered brain function, tachistoscopic perception after: Influence of mental set, 422
Infusion of ammonium, double-blind study of effects of on psychological functioning in cirrhotic patients, 539
Inpatient treatment of adolescent boys, follow-up study of two approaches, 330
Institutions, treatment, development of social structure in, 263
Intermittent chemotherapy for chronic psychiatric inpatients, 145
Internationales Symposium über die Psychotherapie der Schizophrenie, 381
Interview, standard, as an aid to assessment, 353
Intravenous chlordiazepoxide, effect of on EEG, and clinical observations, 218
Isolation of a conditioning procedure as the crucial psychotherapeutic factor: A case study, 316

J

Jaffe, Robert, 470
Joint Commission on Mental Illness and Health, 190
Joint Committee of American Bar Association and A.M.A. on Narcotic Drugs, 489
